

## *Kinship Homes Needed!*

Is someone close to you unable to care for their children and now the children are in foster care? Perhaps you can provide a Kinship Home and keep the children connected to the family?

Kinship homes are made up of extended family members or close friends that provide foster care.

Please call McMan at 403-527-1588 and find out how you can provide help to your family or friend by becoming their Kinship Home.
